## Targeted, Multi-layered Dermal Therapy

### DESCRIPTION

With three patented peptides clinically proven to target both upper and lower layers of the skin, repairing fine lines and reducing wrinkles. Light, greaseless formula absorbs quickly in the skin.

### ACTION INGREDIENTS

**Palmitoyl Oligopeptide:** Clinically proven to regenerate the skin's upper layers by stimulating collagen production, thickening the epidermis.

**Acetyl Hexapeptide:** Clinically proven to smooth wrinkles by relaxing tense muscles, disrupting nerve signals sent to them.

**Palmitoyl Tetrapeptide:** Clinically proven to suppress the body's production of interleukins, the chemical messengers that trigger inflammation.
